

## Discover the Amphibious Tours route

**The goal of this tourism project is to provide tourists with a unique and differentiating experience in the way of visiting and getting to know the most emblematic and unique places in our territory.**

On the chosen land route, in addition to the unique views of Porto and the dimension of the Port Wine Cellars, rarely observed by tourists in this perspective, we also have the names of the roads we travel, which refer to iconic names of our contemporary history, such as: Manoel de Oliveira, Mestre José Rodrigues and Eng. Edgar Cardoso.

### Land route

We provide you with a unique and differentiating experience in the way of visiting the most emblematic places in our territory.

### River route

In addition to the excitement of entering and leaving the amphibious vehicle in the water, we intend to show the beauty of fishing boats in harmony with the Douro marina.
